

Quality Policy

The Omah Group is committed to conducting our core business activities under a Quality and Business Management System which is primarily focussed on the delivery of consistently high levels of service to each and every one of our customers.

We will:

- Provides services that consistently meet or exceed client and stakeholders' expectations by clearly understanding their needs, communicating these to our team, and monitoring against Key Performance Areas
- Promotes the integration of documented quality assurance systems and processes into everyday tasks
- Embraces the Vision, Mission, Values and Cultures of The Omah Group and the alignment of these to our customers
- Meets our obligations under the Health and Safety at Work Act 2015, Industry Codes of Best Practice, and other relevant legislation and standards
- Incorporates environmental management into our everyday business practices
- Forms a key element of engagement with suppliers to enhance our commitment to quality and the environment
- Values and acknowledges the vital contribution all team members make to:
 - Enabling our Business Management System to work for us
 - Achieving high standards in the work we do
 - Providing innovation and improvements to our health, safety, environmental, and overarching systems

Bevan Jones

Director Omah Group
